# Deformity Correction Journey

*From the very beginning to the end of the treatment, beside your patient.*

## LIMBHEALING.COM

ADULT PATIENTS AND FAMILIES

www.limbhealing.com provides education, support and resources to empower US patients with a limb deformity and their families, with specific focus on lower-limb and foot deformities.

It has been developed to increase their understanding of limb deformities, their knowledge on the treatment options, as well as their commitment on post-op activities.

The website provides accurate and easy-to-understand information including also patients' testimonial. Designed for mobile device navigation and user-friendly experience.

## THE PATIENT'S GUIDE

ADULT PATIENTS AND FAMILIES

The aim of this booklet is to help the surgeon managing the pre-surgery meeting with the patient and the family, and to increase patients' knowledge on the treatment, as well as their commitment on post-operative activities. The brochure covers the most common questions the patient may have even after the pre-surgery meeting and during the different phases of the treatment.

Contact Your Local Sales Rep  
to know more about these  
supporting materials and/or  
to evaluate how to introduce them  
into your daily practice.

## KIT FOR KIDS

KIDS 3-6 YEARS OLD

Designed to help kids facing the treatment with a positive attitude, thanks to different games and funny activities, including tips for parents and caregivers.

## TOMMY & LINDA

"THE POWER OF UNITY"

KIDS 7-12 YEARS OLD

"Tommy & Linda: The power of unity" is the comic strip designed for 7-12 years old patients in order to support them during post-op period.

Young patients can join Tommy and Linda's adventure, sharing their story and being part of the Academy of Superheroes.
